PROFILE SUMMARY

Senior Laravel Developer with 5+ years of experience leading backend systems, scaling applications across 23+ VPS, and automating CI/CD pipelines. Strong in system ownership, backend architecture, and production reliability, delivering 99.9% uptime.

EDUCATION

Universiti Teknologi MARA (Terengganu)
Bachelor of IT (Business Computing)
- Thesis: PHP-based E-Commerce System for SME

WORK EXPERIENCE

G2R SDN. BHD. — Sungai Petani, Kedah
Senior Software Developer (July 2025 – present)
- Led a team of 2 developers to deliver a scalable Laravel-based SaaS ERP platform with multi-tenant architecture and role-based access control.
- Established development standards (Git flow, PR reviews) to improve code quality and long-term maintainability.
- Oversaw the migration from manual FTP deployments to an automated GitLab CI/CD pipeline, reducing deployment time by ~50%.

EMZI TECHNOLOGIES SDN. BHD. — Sungai Petani, Kedah
HoU Software Developer (September 2022 – July 2025)
- Led a team of 4 developers to build and maintain 30+ Laravel-based internal applications supporting HR, sales, operations, and logistics across the EMZI Group.
- Owned and maintained IT infrastructure across 23+ VPS servers, achieving 99.9% uptime.
- Introduced n8n-based workflow automation, reducing manual API integration effort by ~60%.

INSPIRAZS SDN. BHD. — Gurun, Kedah
Full Stack Developer (January 2020 – August 2022)
- Oversaw IT infrastructures, equipment and machineries.
- Designed and developed a Laravel-based custom ERP that consolidated sales, inventory, operation, finance, and HR modules, improving cross-departmental data access.
- Improved app load time by 50% and ensured 99.9% uptime by consolidating all web applications onto Ubuntu VPS with NGINX and automated deployment.

HUBZSOFT DIGITALS — Petaling Jaya, Selangor
Web Developer (June – August 2018)
- Developed and customized responsive corporate and e-commerce websites using in-house PHP framework.
- Collaborated with design and content teams to launch 5+ live client websites, optimizing for performance and SEO.
